March 20, 2020

To our valued clients and friends,

We are living in unprecedented times and everyone is scrambling to make good decisions about how to act, function, be healthy, and, if a business, how to best approach moving forward and serving people.

In order to keep our employees safe and to serve our clients best, **we are closing our offices to the public, effective Friday March 20th at 8am.** While most of our staff and our advisors will be working from our offices, we have invested well in technology so that employees who *must* work from home can do just that. We have made the decision to lock down our offices effective Friday March 20th through April 5th, at which point we will re-assess public health conditions and messaging from our local, state, and federal governments.

Please accept our apology for the closure of our offices. We believe that the single best way to ensure that we can serve you well during this crisis is to support and foster a healthy team, who are ready and able to help you when you need them. Making use of video conferencing for client meetings, while assuring our staff that no outside visitors will travel through our offices seems, to us, the best way to do that.

We will continue to answer phones and respond to emails. We're available to handle claims and help with everything as usual. If you need us, please don't hesitate to call! We can be reached at:

Wooster office 330-345-5000
