May 1, 2020

To our valued clients and friends,

We are living in unprecedented times and everyone is scrambling to make good decisions about how to act, function, be healthy, and, if a business, how to best approach moving forward and serving people.

In order to keep our employees safe and to serve our clients best, **our offices are open by appointment only through May 31st**, at which point we will re-assess public health conditions and messaging from our local, state, and federal governments. While most of our staff and our advisors will be working from our offices, we have invested well in technology so that employees who *must* work from home can do just that.

Please accept our apology for this inconvenience. We believe that the single best way to ensure that we can serve you well during this crisis is to support and foster a healthy team, who are ready and able to help you when you need them. Making use of video conferencing for client meetings, while assuring our staff that limited outside visitors will travel through our offices seems, to us, the best way to do that.

We will continue to answer phones and respond to emails. We're available to handle claims and help with everything as usual. If you need us, or wish to set an appointment, please don't hesitate to call! We can be reached at:

Wooster office 330-345-5000
